**Description of requested assistance (edits in red)**

**Request ESF-10 assistance to the State of Texas in support of assessment and response operations to actual or threatened hazardous materials and oil releases/ discharges as covered under Category B (Emergency Protective Services) for Public Assistance. This assistance includes response to releases/discharges from fixed facilities, as well as orphaned containers and mobile (vessels) sources to remove the threat of imminent danger or contamination to the public that could be caused by any release.**

The above edits are suggested by the FEMA Region VI Mission Assignment Supervisor to ensure proper visibility and validation.

v/r  
CAPT Tom Martin  
CDR Maureen Kallgren

7. Statement of Work:

As directed by and in coordination with FEMA, US Coast Guard (USCG) will provide oil and hazardous material field response in support of response operations. Field response activities may include the following: providing specialized expertise, conducting damage assessment of oil/hazmat waste impact via air and/or water; contractor oversight; evaluating hazards; and/or response, removal, or disposal of: actual and potential oil discharges, and releases of hazardous materials, pollutants, and contaminants, and remove pollutants from vessels. USCG will deploy resources for the State of Texas. USCG is responsible for providing personnel, equipment and logistical support as necessary to accomplish the mission.

All purchases and expenditures must be coordinated with FEMA. Prior approval, from the Federal Approving Official (FAO), is necessary to ensure reimbursement. Agencies will be reimbursed for all eligible expenses pursuant to 44 CFR 206.8, "Reimbursement of Other Federal Agencies."

Mission Assignment Task Orders (MATOs) may be issued for specific personnel, requirements, locations, dates, and duration of assignments. The mission-assigned agency is responsible for ensuring that all activity is properly authorized, goods are received, services are provided, and that costs are reasonable and supported by documentation maintained by the respective agencies. This MA is in effect for 30-days (August 23, 2017 to September 21, 2017) and may be amended accordingly.

8. Estimated Completed Date: 09/21/2017

9. Estimated Cost: \$20,000,000.00
